

Dancing Dress for Tinybear Moona

Yarn: Fingering weight (I used Arial from Twisted.Etsy.com)

Needles: 0 US

Gauge: 9 sts/inch over stockinette

Yoke:

Cast on 24 sts. Work 4 rows in garter st (knit every row).

Bodice:

Next row: K4, bind off 4, K8 (including the leftover from binding off), bind off 4, K4.

Next row: P4, cast on 3 sts using backward loop method, P8, cast on 3 sts, P4.

Work even in st. st. for 2 rows.

Skirt:

K1, M1 across row, ending K1. You now have 43 sts.

Work in pattern stitch as follows:

Row 1 (wrong side): K3, P1 across, end K3.

Rows 2 and 4: Knit across

Row 3: K1, (P1, K3) across, end P1, K1.

Repeat the above 4 rows for 2 inches (in just the patterned part), ending with a wrong side row.

Fringed Edging:

Cast on 6 sts with backward loop method. Bind off 7 sts (the six you cast on, plus one stitch from the body of the skirt). Move loop remaining from the bind-off to the left-hand needle. Repeat this across the entire bottom of the skirt.

Finish off. Sew up back seam. (Dress needs to be put on from the feet up.)
